

Success Stories

Leslie Woods

Leslie works at the London Borough of Sutton as a manual street cleansing operative. Prior to joining the Skills Development sessions, Leslie had not gained any formal qualifications. As a result of his attendance at the Skills Development sessions, Leslie has achieved Level 1 Literacy and is currently working on level 2. In addition to this, Leslie is now actively working on NVQ level 1 in Cleansing & Support Services.

Leslie says, "I went to a special school when I was young and never really saw learning as important. Getting a qualification has helped my confidence and I am looking forward to doing the NVQ."
