

WAMITAB

Waste Management Industry Training and Advisory Board

WAMITAB Level 3 Diploma for Sustainable Recycling Activities (Supervisory) - SRASUP3

Who is it for?

The structure of the qualification has been designed to enable complete flexibility across the sustainable recycling roles at a team leader/supervisory level. This qualification is also part of the Level 3 Sustainable Waste Management Apprenticeship.

Can anyone do it?

There are no entry requirements for this qualification, though candidates will need to be employed in a suitable position, as it is assessed 'on-the-job'.

What does it cover and how will I learn?

Achievement of the qualification demonstrates competence by the learner to operate appropriately and in accordance with employment requirements whilst undertaking team leader/supervisory roles in the Recycling Industry. It is assessed 'on-the-job' and learning will take place naturally as part of the normal working environment and routine.

How will I be tested?

An assessor will visit your workplace to observe your work 'on-the-job'. You will compile a 'portfolio of evidence' which will demonstrate that you have the knowledge and competence necessary to meet the standard set in the qualification.

What next?

The qualification leads to WAMITAB Level 4 Recycling Qualifications, and is part of the Sustainable Resource Management Apprenticeship.

WAMITAB has a national network of Approved Centres which are available to support you as you progress in employment and education.

Qualification Structure

To achieve the full qualification candidates must complete all Mandatory Units (6 units). Candidates must then choose either the General Pathway or the Reuse Pathway. Candidates who choose the General Pathway must then complete two units from General Option Group 1 and one from General Option Group 2. Candidates who choose the Reuse Pathway must complete 12 credits across Reuse Option Group 1 and Reuse Option Group 2, but must ensure that at least 2 credits are taken from each group. The minimum number of credits required to achieve the qualification is 46.

A - Mandatory Units

Title	Level	Credits	WAMITAB Unit Code
Set objectives and provide support for team members	3	5	MSCB5
Plan, allocate and monitor work of a team	3	5	MSCD5
Conduct a health and safety risk assessment of the workplace	3	6	HSS6
Develop and implement a risk assessment plan in own area of responsibility	4	6	MSCE6
Promote sustainability and environmental good practice in the recycling industry	3	10	RA2.2
Develop personal performance	2	3	RA2.3

B - Optional Units

Title	Level	Credits	WAMITAB Unit Code
Manage the collection of recyclables and other materials	4	7	RA3418
Control maintenance and other engineering operations for recycling activities	4	9	RA3424
Control activities for the processing and storage of recyclables and other materials	3	5	RA3432
Monitor and control the efficient resources for the processing or storage of recyclables and other materials	4	9	RA345
Contribute to the generation and retention of recycling business	3	5	RA346
Plan and maintain transport operations for recycling activities	3	7	RA347
Monitor and maintain the security of recycling facilities	2	2	RA348

C - Optional Units

Title	Level	Credits	WAMITAB Unit Code
Recruit staff in own area of responsibility	5	4	MSCD3a
Support learning and development within own area of responsibility	4	5	MSCD7
Organise the promotion of additional services or products to customers	3	7	ICSA15
Build and maintain effective customer relations	4	8	ICSB15
